OD HOTELS. What sets us apart.

od hotels | LIVE IT!

Unparalleled location in terms of both the destination itself and our location within it, with respect for its history and customs.

Superb architecture and interior design with timeless designer furniture and plenty of space and light.

We care about our surroundings and the people who live there. That's why, as well as focusing on sustainability, our staff are friendly and highly professional.

Our hotels are alive, inclusive and open-minded. We love art, music and culture in general. We run our own private events all year round, free of charge and open to locals and visitors.

We're open to any request, idea and proposal, whether it's for an individual or a group.
