

The image shows a sunny day at a residential development. On the left, a two-story building with light-colored walls and a terracotta roof is partially visible, with flowering vines climbing its exterior. A wide, paved walkway made of reddish-brown tiles leads from the foreground into the distance. The path is bordered by a variety of plants, including large green shrubs, spiky-leafed plants in a gravel bed, and tall palm trees in the background. Several small, cylindrical metal bollards are placed along the edge of the path. The sky is a clear, deep blue.
