# We are OD Hotels.

The Hotel is an organic,  
dynamic space.  
A place to work, write,  
welcome friends and... sleep.  
Something to be lived in  
and to be remembered.

A place integrated in its  
landscape, a sustainable  
added value to the  
land it joins. A structure  
connected to its roots.

# Ocean Drive:

## OD Sos.

We work under very demanding parameters of sustainable ethics to promote responsible tourism and an environmental commitment.

## OD Design.

Contemporary design with Mediterranean influences. With a perfect combination of architecture and interiors that inspire.

## OD Location.

OD Hotels are located in the best places, allowing you to enjoy like a local and make the most of your destination. All elements have been considered to make it your new hub, with everything at your fingertips.

## OD Sky Bar.

Enjoy great vibes and the most impressive views, accompanied by drinks and music at our open events or make it your private venue.

## OD Events.

Original events like the classic Burger Meets Gin and Mexican Brunch are hosted by OD Hotels and create a welcoming and fun atmosphere, enjoyed by local residents and guests alike. You can also rely on OD Hotels to design your personalised private event.

Certain hotels become an icon. Ocean Drive Ibiza is one of them. Inspired by the architecture of South Beach Miami and the vibrant New York of the 1920's.

The first OD Hotels to open its doors combines a perfect location and a unique connection to the element that marks Ibiza's lifestyle: Music.
